## Best Smoke Odor Removal Service

### **Master Germ and Odor Removal**

Spent the last six years smoking every day at home but now it's time to move? Smoked out in your car and it's time to trade it in for something new? Smoke odors deeply reduce the selling price of homes and cars. Homes and cars that smell like cigarettes and/or weed lose thousands of dollars on their sale. Award-winning company Master Germ and Odor Removal specializes in smoke odor removal that is permanent and non-toxic using ClO<sub>2</sub>. They show their entire process on their YouTube channel, and the money spent is WAAAY less than the money you'd lose if you don't take care of the odors. Plus the owner, Dave, is super-nice.

**Scottsdale (servicing all of AZ)**
